"No two YWCA's have identically the same programs, but all have the same basis in Christian living and the same requirements for membership," Mrs. Henry E. Corner, Baltimore civic leader and former president of the Baltimore YWCA, told 120 members of the Gettysburg YWCA Thursday night at the annual membership dinner meeting of

"There are three million girls and women throughout the United States who are members of the YWCA," Mrs. Corner declared, "and the YWCA has members in 65 countries throughout the world. When you belong to the Gettysburg YWCA you belong also to a national and international organization."

Mrs. Corner said the "Y" would observe its 100th anniversary in 1954, and that YWCA's throughout the world are beginning this year the celebration of this centennial with membership parties.

Local Anniversary year also marks the 26th anniversary

of the Gettysburg YWCA. "As we approach the end of our first 100 years, we are re-dedicating ourselves to greater service," Mrs. Corner continued. "As we look backward on the fine work that has been done, we want to tell our story to plans for our next 200 years."

Sketches

On Page Three of today's edition The Gettysburg Times publishes the first of a series of daily pieces called "Sketches" by Ben Burroughs, young soldier poet-philosopher.

Each piece will be on a different subject. Each Saturday Burroughs will write on a religious topic.

Though relatively young, 35, Burroughs has exposed himself to many exciting adventures gained through world travel and service with the Army in the South Pacific during World War II. From this challenging background, he has evolved a personal philosophy of human truths which he uniquely expresses. His wide experience in human relationships can be found in many of his poems.

He was born in Philadelphia on May 27th, 1918, and was educated in that city. He is married and is the father of a nine-year-old daughter.

Look for his pieces every day in The Times and if you enjoy them please let us know.

Jenkintown Bids For 2nd Class C Court Championship

By DICK HOENIG

HARRISBURG (A) - Jenkintown bids to become Pennsylvania's first two-time Class C champion tonight when both the state's top prizes for smaller schools go on the line.

The classy Drakes from suburban Philadelphia oppose Centre Hall, the Western C finalist, at Reading in an attempt to hold on to the crown they won from Coudersport last March.

At the same time Irwin of Dist. 7 and the West goes against Ashley of Dist. 2 and the East in Pittsbugh for the Class B state title. TAMPA. Fla. (P)-Rogers Hornsby, Frank Lane and Warren Giles, three of the top men in baseball, were sitting around talking the other night.

The subject of hitting came up.

"Why that's ridiculous," said Lane when told that a number of baseball men never help a hitter unless the hitter asks for aid. "If a fellow hits .223, like a lot of guys are doing today, you've got to go to him. You certainly

can't hurt him." Giles, president of the National League, agreed with the thoughts of the general manager of the Chicago White Sox. But Hornsby, manager of the Cincinnati Reds,

said nothing. Hornsby Was Quiet

The next day, while Hornsby was watching his Redlegs work out at Plant Field, it seemed a proper time to pin him down. After all he is the greatest right handed hitter in baseball history. He averaged .358 for 23 years, led the National League seven times and hit .424 in 1924, a mark that never has been equaled.

Gil McDougald of the Yankees has a hitting style all his own. He stands with his left foot "in the dugout" yet he hit .336 in 1950 when Hornsby piloted Beaumont

"Never change a hitter as long as he is successful" said Hornsby in referring to McDougald's queer stance. "He led the Yankees (.306) in hitting in 1951. The Baseball Register lists Dean as Jay Hannah, with the birthplace as Lucas, Ark.

Which is correct? Dean solved that problem during a recent teledirector of the Hall of Fame.

SOME \$64 QUESTIONS

ABOUT OUR ADAMS COUNTY AND THE NATIONAL RED CROSS DRIVE—FROM YOUR CHAIRMEN

1. The National Red Cross Budget for 1953 is 93 million. Where does the "lion's share" of it go?

A. Over 39 million goes for services to the armed forces and vet-

2. How much of the total fund will be expended for the Red Cross blood program, including the gamma globulin polio appeal?

A. 20 million dollars.

3. How much of the National fund is spent for administration of the Red Cross?

A. About 11%. A commendably small percentage for such a large national organization.

4. How much of the total national fund is expended by the local Chapters and how much is expended by the National organization? A. 50 - 50.

5. Is the National goal of 93 million an unreasonable request?

A. Definitely not, especially considering that the National income of the United States was 275 billion dollars last year, that each year we spend billions for tobacco, billions for alcoholic beverages, and billions for sports. Pennsylvania alone spends over 800 million a year for tobacco and alcohol and 35 million a year for cosmetics.

6. Why has the Red Cross National budget been increased from year to year?

A. Its "cost of living" has gone up like yours and ours—it has roughly doubled in the past ten years whether it's the cost of coffee the Red Cross serves at an embarkation point, or whether it's the cost of a new roof after a tornado.

7. Is the general membership minimum of one dollar asking too

A. No! It's less than one cent ever three days; it's the cost of four packages of cigarettes or two or three magazines.

8. Can our county be expected to raise its goal of \$14,000?

A. Of course. In fact, last year we did raise \$14,000. Our county is growing economically. We have no ghost towns and no distress

9. Why should our county be expected to meet its goal when it hasn't had any local disaster or emergency relief demands?

A. Adams County has been fortunate that it has not had a local disaster or emergency of large proportion. This is all the more reason why the community should be grateful that its people and property have not suffered losses and destruction, and why its people should be more willing indeed to give more generously toward the disaster losses and suffering of others. Unfortunately, it seems that the people who have experienced disaster first hand are those who give more willingly. SOME DAY IT MAY HAPPEN HERE-or we may be besieged with victims coming in from our surrounding large citiesthen we would be called upon to seek aid from the National Red Cross Disaster Funds.

10. Are criticisms of the Red Cross justified?

A. Some are and some are not. An organization with almost 2 million volunteer workers is not going to be perfect. We know of no organization, religious, economic or political, which is run perfectly by the human beings who comprise it.
